A Trusted Partner for Business Transformation

Shiva Consultancy Group (SHIVACSG) is a premier multi-disciplinary consultancy headquartered in Ahmedabad, operating across PAN India. Positioned as Strategic Ecosystem Architects, we engineer sustainable value chains and investment ecosystems tailored to the unique challenges and goals of each client.

Our approach is deeply personalised — rooted in rigorous analysis of issues, documents, and business realities submitted by our clients, followed by precision-crafted strategies that deliver real, lasting outcomes. We bridge the gap between vision and execution across business, legal, financial, and technical domains.

From SMEs and Startups to large Corporates, PSUs, and Agribusinesses, our team brings cross-sector expertise under one roof — ensuring clients receive not just advice, but a complete strategic roadmap to sustainable growth.

Our Four Core Impact Vectors

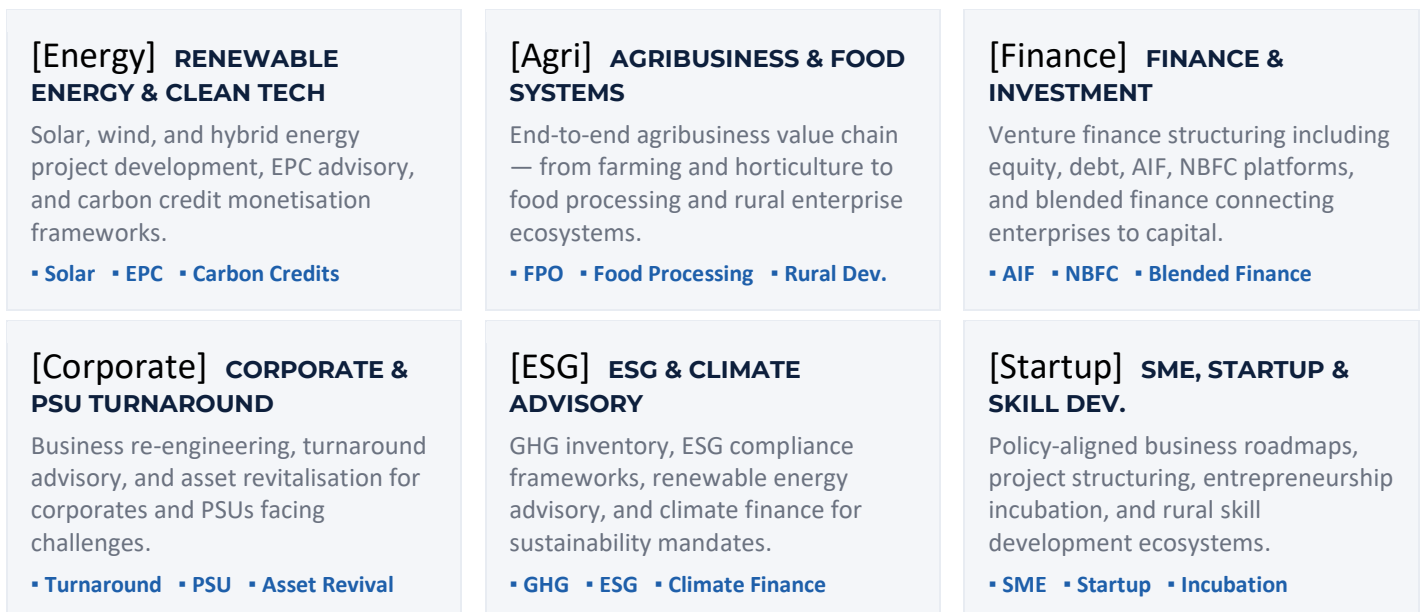

The SHIVACSG framework is anchored in four non-negotiable pillars of enterprise impact — Capital, Compliance, Sustainability, and Growth. Every mandate we undertake addresses all four simultaneously, ensuring no dimension of long-term success is overlooked.

SECTORS WE SERVE

Diverse Expertise Across Key Industries

SHIVACSG's multi-disciplinary team brings deep, actionable expertise across a wide range of industries — enabling end-to-end consultancy from strategy to implementation.

ESG at the Core of Every Engagement

Sustainability is not a checkbox at SHIVACSG — it is embedded in every advisory engagement. Our ESG leadership pillar ensures that every project we support is designed for long-term environmental, social, and governance resilience.

01

Environmental Stewardship

GHG inventory, carbon credit modelling, environmental engineering, and renewable advisory embedded in every project strategy.

02

Social Value Creation

Rural enterprise development, agri-value chain building, FPO formation, and skill development for inclusive, community-driven growth.

03

Governance & Compliance

Policy alignment, regulatory compliance, corporate governance frameworks, and structured accountability across SMEs and large enterprises.

04

Climate Finance Access

Connecting enterprises to green bonds, blended finance, impact investors, and climate-linked capital pools through structured advisory.
